Experience

- 2023 - present **Senior Data Analyst, Luxembourg National Data Service (LNDS)**, 6, avenue des Hauts-Fourneaux L-4362 Esch-sur-Alzette, Luxembourg
- 2019 - 2023 **Doctoral Researcher in Economics and Machine Learning, University of Luxembourg**, Belval, Luxembourg
- Designed and implemented research projects independently and in collaboration;
 - Managed associated large data;
 - Implemented novel explainable machine learning algorithms to create data-driven models and solution to policy-relevant research;
 - Documented reproducible pipeline of data cleaning, exploratory analysis and empirical analysis;
 - Analysed findings and interpreted results;
 - Disseminated research outputs at international scientific conferences/workshops.
- 2019 **Visiting researcher, STATEC-Research**, Luxembourg
- Worked on now-casting of wellbeing in Luxembourg;
- 2010 - 2013 **Assistant Research officer, Central Bank of Ethiopia**, Addis Ababa, Ethiopia
- Worked on macro-econometric model of the bank, with special emphasis on data curation, forecasting and analyzing macroeconomic variables;
 - Contributed to periodical reports of the bank;
 - Analysed money and capital markets instruments;
 - Participated in the design and development of survey projects, including questionnaire design and sampling strategies;
 - Worked on data entry and analysis using statistical software, to generate insights and inform decision-making.
- 2008 **Summer Intern in the Macroeconomic Division, Ethiopian Economics Association**, Addis Ababa, Ethiopia

Education

- 2023 **Ph.D. in ECONOMICS, University of Luxembourg**, Belval, Luxembourg
Thesis title: Essays on the prediction and measurement of individual well-being
Advisor: Prof. Conchita D'Ambrosio
- 2018 **M.A. in ECONOMICS AND ECONOMETRICS, Center for Economic Research and Graduate Studies-Economic Institute(CERGE-EI)**, Prague, Czechia
US-chartered graduate education in economics.
Main subjects: Advanced education in microeconomics, macroeconomics, econometrics, and statistics. Labour economics, energy economics, academic writing skills
- 2015 **M.Sc. in ECONOMICS AND FINANCE, Charles University**, Prague, Czechia
Thesis title: Evaluation of monetary policy an SVAR approach: empirical evidence from Ethiopia
Main subjects: Advanced courses in macroeconomics, microeconomics, and econometrics; quantitative finance, financial markets, banking, monetary economics
- 2010 **B.A. in ECONOMICS, Haramaya University**, Haramaya, Ethiopia

Summer Schools

- 2022 **Treatment effects and Machine Learning**, University of Oxford, Oxford, England
2019 **Explainable Data Science**, European Association for Data Science, Luxembourg
2019 **Inequality by the Numbers**, CUNY Graduate Center, New York, USA

Skills

Technical skill

Programming:	<i>Expert</i> in Python, R, and STATA; <i>Proficient</i> in Matlab	Typesetting:	<i>Expert</i> in L ^A T _E X-, Markdown, and Microsoft Office
Machine Learning:	<i>Expert</i> in Scikit-learn, Keras, Tensorflow, PyTorch and more	Data visualisation:	<i>Expert</i> in Plotly, Matplotlib, Seaborn, Dash, and ggplot
Version control:	<i>Proficient</i> in GitHub and Git	Cloud computing:	<i>Competent</i> in AWS-Basic, Azure-Basic
BI tool:	<i>Competent</i> in Tableau and PowerBI	Database:	<i>Proficient</i> in MySQL and SQL

Language

English-*Fluent*; French-*Elementary*; Amharic-*Native*; Affan Oromo-*Native*; and Czech-*Basic*

Publications

Journal Article (Accepted)

- 2023 **A. Taye, L. Borga, S. Greiff, C. Voge, and C. D'Ambrosio**, A machine learning approach to predict self-protecting behaviors during the early wave of the COVID-19 pandemic, In *Scientific Reports-Nature* (Impact Factor: 4.996)

Selected Work in Progress

Joining with with C. D'Ambrosio, Vulnerability to Poverty: an Explainable Machine Learning Approach

Single authored, Predicting material and social deprivations in EU: Algorithmic Approach

Honors, Scholarships and Recognition

- 2023 Nominated for the *excellent Ph.D. Thesis Award*, University of Luxembourg.
2019 - 2023 "*PRIDE – DRIVEN*" Ph.D. Scholarship, Fonds National de la Recherche Luxembourg (FNR).
2015 - 2018 Direct admission with *full scholarships* for postgraduate education, CERGE-EI.
2015 Recipient of *monetary award*, from the Czech Ministry of Education for excellent results in the final general Exam.
2013 - 2015 The Czech government *full scholarships* for graduate students with an outstanding curriculum.
2010 B.A. in Economics with Great Distinction [*Ranked 1st*], Haramaya University.

Teaching Assistantship

Fall, 2009 : Undergraduate: Microeconomics, Haramaya University
